**DETAILED ACTION**

***Allowable Subject Matter***

1. Claims 1-7, 13, 14, 16-20, 23, and 25 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant's arguments filed on 6/8/2006 are substantially persuasive. With respect to all of the claims, the prior art of record does not suggest "a control device that moves the ink jet head, the control device including at least a first motor for oscillating and rotating the ink jet head around an axis parallel to the scanning direction, a second motor for oscillating and rotating the ink jet head around an axis parallel to a sub-scanning direction that is perpendicular to the scanning direction, and a third motor for moving the ink jet head orthogonal to the plane defined by the scanning direction and the sub-scanning direction". As applicant accurately points out, Jang is limited to linear motion in the X, Y and Z directions, and not include motors that oscillate and rotate the inkjet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The drawings filed 1/14/2002 are approved by the examiner.
